

Anne Browne

Anne Browne is a painter and teacher. She paints an array of subject matter — portraits, landscapes and animals in a variety of styles. Anne's paintings are brightly colored and expressive with the exception of her traditionally styled portraits. Anne paints with oil on canvas and she enjoys exploring different media — wool, wire, wood - for experiments in small sculptural work. Anne received her MFA in Painting and Sculpture from the San Francisco Art Institute and her BA in Studio Art from the University of Virginia. Anne is the owner/director of ArtHouse7, a studio school in Arlington, VA.
