Independent Auditors' Report

To the Board of Directors of
Rosslyn Business Improvement Corporation
Arlington, Virginia

We have audited the accompanying financial statements of Rosslyn Business Improvement Corporation (the "Organization") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to the Financial Statements

As of and for the Year Ended June 30, 2018

NOTE 1 - ORGANIZATION

Rosslyn Business Improvement Corporation (the "Organization") was founded in 2003, as a Virginia non-stock corporation. The Organization was established to administer on behalf of the County Board of Arlington County, Virginia (the "County Board") the Rosslyn Business Improvement Service District (the "BID"), established by the County Board in 2003. The BID is located in the Rosslyn section of Arlington County, Virginia. Under work plans and budgets submitted by the Organization and approved by the County Board, the Organization provides and promotes services pursuant to Arlington County ordinance as adopted by the County Board effective July 1, 2003 and extended in perpetuity on September 8, 2007. They include, but are not limited to "economic development, business recruitment, and retention; marketing; street and sidewalk cleaning; landscaping and beautification of the public areas; visitor informational facilities and services; community outreach; social, entertainment, and other events and activities; pedestrian and traffic improvements; public parking; signage; and transportation services serving the district."

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Net Assets - The Organization has presented its financial statements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958, *Presentation of Financial Statements for Not-for-Profit Entities* ("FASB ASC 958"). Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As of June 30, 2018, the Organization did not have any temporarily or permanently restricted net assets.

Basis of Accounting - The Organization uses the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for financial reporting, whereby revenue is recognized when earned and expenses are recognized when incurred. The Organization's primary source of revenue is from BID assessments levied by Arlington County (the "County") on real property located within the BID pursuant to a County Board approved budget for the Organization.

Cash and Cash Equivalents - The term cash and cash equivalents, as used in the accompanying financial statements, include currency on hand, demand deposits with financial institutions, and short-term, highly liquid investments purchased with a maturity of three months or less. The Organization maintains cash in certain bank deposit accounts, which at times may exceed federally insured limits. Non-interest bearing accounts are aggregated with any interest bearing deposits and the combined total is guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

Receivables - Receivables are recorded at net realizable value. Management determines the collectability of accounts receivable and the need for an allowance for doubtful accounts based on historical experience and the existing economic conditions. Management has evaluated the collectability of accounts receivable and determined that no allowance for doubtful accounts is necessary at June 30, 2018. No interest is charged on accounts receivable and accounts are written off at the point management deems them to be uncollectible, which is once such accounts have been outstanding for one year.

Property and Equipment - Property and equipment are capitalized at cost and are depreciated using the straight-line method. Property and equipment are capitalized and depreciated over the estimated useful lives, which range from three to ten years. Leasehold improvements are capitalized and depreciated on a straight-line basis over the shorter of the estimated useful lives of the improvements or the terms of the respective lease. Depreciation expense for the year ended June 30, 2018 totaled \$24,446. Expenditures for maintenance and repairs and minor betterments that do not extend the lives of the assets are charged to expenses as incurred. Major expenditures which extend the lives of the assets are capitalized.

Revenue Recognition - Revenue is recognized when earned and support revenue is recognized when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of other assets is transferred to the Organization. When a donor restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets are released from restriction.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Income Taxes - The Organization is exempt from federal and Virginia income tax as an organization described in Section 501(c)(6) of the Internal Revenue Code ("IRC"). However, the Organization is liable for income taxes on any unrelated business income. There was no unrelated net business taxable income for the year ended June 30, 2018.

The tax effects from an uncertain tax position can be recognized in the financial statements, only if the position is more likely than not to be sustained on audit, based on the technical merits of the position. The Organization recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more likely than not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50 percent likelihood of being realized, upon ultimate settlement with the relevant tax authority. The Organization applies the accounting standard to all tax positions for which the statute of limitations remained open. As a result, the Organization did not identify any material uncertain tax positions.

The Organization recognizes interest and penalties related to uncertain tax positions in management and administration expenses. For the year ended June 30, 2018, the Organization has not recognized any interest or penalties in its statement of activities. The Organization is no longer subject to federal, state, or local income tax examinations by tax authorities for the years prior to the fiscal year ended June 30, 2015. The Organization is not currently under examination by any taxing jurisdiction.

Marketing and Promotion - Marketing and promotion costs are expensed as incurred. Marketing and promotion expense for the year ended June 30, 2018 was \$679,069.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Allocation of Expenses - The costs of providing various programs and services have been summarized on a functional basis on the accompanying statement of activities. Accordingly, personnel costs have been allocated among the programs and services benefited.

NOTE 4 - SERVICE AGREEMENT

On June 23, 2003, the Organization entered into a Service Agreement (the "Agreement") with the County Board to provide services in the BID. The Agreement was to run from July 1, 2003 through June 30, 2008. The Agreement was amended and restated as of September 9, 2007 to extend the term of the service agreement indefinitely. The Agreement allows for termination under the following circumstances: (a) the County's failure to approve work program, budget or tax levy, (b) the Organization's default of performance, (c) a vote by the Organization's membership to dissolve, and (d) the County's termination of the BID. Should the Organization cease to exist, any funds advanced from the County to the Organization, but unspent, would revert back to the County.

Under the Agreement, the Organization will provide agreed upon services to enhance and supplement County services provided in the BID, and the County will provide funding through collection from property owners of an annual assessment on property located within the BID. The Agreement provides that the County will receive an administrative fee equal to 1.0 percent of the funds collected and will hold a reserve, initially funded at up to 2.5 percent of the funds collected per fiscal year, provided that the reserve amount required to be carried by the Organization is capped at 5.0 percent of the BID's projected revenues from the BID tax levy for any fiscal year. This fund is set aside to handle delinquencies and successful appeals of the annual real property assessments. The reserve is held and controlled by the County and, therefore, is not included in the accompanying financial statements. The accompanying statement of financial position includes \$39,466 due from the County for amounts over contributed to the reserve from the budgeted funds.

The September 9, 2007 amended and restated Agreement states that the County shall calculate interest on the reserve. The County applies interest earnings to the reserve before the close of each fiscal year. Interest is calculated using the County's average rate for investment earnings for the fiscal year. The County's average rate for investments earnings was 1.36 percent for the fiscal year ended June 30, 2018. For the fiscal year ended June 30, 2018, the County calculated interest amounted to \$2,802. The interest earned and due from the County on the reserve is included in due from County on the accompanying statement of financial position. The Organization's June 30, 2018 reserve balance was \$225,555.

The Organization's annual operating budget for a fiscal year must be approved by the County Board prior to release of any funds for that fiscal year. The fiscal year ended June 30, 2019 work program and budget of \$3,772,348 were submitted and approved by the County in June 2018.

Under the Agreement, funds generated from the County's BID assessments for a fiscal year and allocated in the Organization's approved budget for a fiscal year, but not expended in accordance with the approved budget, will be reserved and carried forward.

NOTE 5 - RETIREMENT PLAN

In January 2004, the Organization instituted a 401(k) Plan covering employees who have at least three months service, 1,000 hours of annual work service, and are at least 21 years of age. Employees can make voluntary contributions up to the maximum allowed by the Internal Revenue Service. The Organization will match employee contributions up to 6 percent of the employee's annual salary. The total employer matching contributions and plan expenses for the fiscal year ended June 30, 2018 were \$50,176.

On May 13, 2008, the lease was amended to include expansion space of 1,053 square feet of rentable area, commencing July 2008, and the term of the lease was extended until June 30, 2011. On June 17, 2011, the lease was further extended through June 30, 2016 with a provision that either party may terminate the term of the lease after notice effective at any time after December 31, 2012.
